

CREMATION CASKET PRICE LIST

These prices are effective as of January 1, 2020 but are subject to change without notice.

CONSIDERATIONS

A cremation casket is used to facilitate handling and placing the remains into the crematory and is required by the crematory for cremation. You do not have to buy a cremation casket from Vassar-Rawls if you want to furnish your own. You can use an alternative container. Alternative containers encase the body and can be made of materials like fiberboard or composition materials (with or without an outside covering). The listed cremation caskets are generally in stock, however there may be times when they are not available. A display or pictures are available at our office.
